

## **COVID-19 Safety Policies and Procedures**

Beginning June 16, 2021, best practices for safety regarding the COVID-19 pandemic will be implemented at Rockbridge Area Habitat for Humanity, Inc.

All volunteers will be required to sign the Volunteer COVID-19 Self-Certification page of the Adult Volunteer Agreement – Release and Waiver of Liability before participating in our volunteer program. Individuals desiring to volunteer at Rockbridge Area Habitat for Humanity are encouraged to read carefully and adhere to the proposed safety measures spelled out on the Release and Waiver form. (Website/page)

During the onset of the pandemic and months following, we have been fortunate at Rockbridge Area Habitat for Humanity to have no known cases of COVID-19 among our staff or volunteers that have spread because of our policies and safety measures. We will continue to be diligent in keeping each other safe and well as we work together to build homes, community, and hope.
